Important!

Please verify your final color choices with your community's governing body before undertaking any exterior painting project.

Code Information

- **Alkali-Sensitive:** Colors that are more likely to fade early when used on highly alkaline surfaces, such as new masonry.
- **Interior Use Only:** Colors with a low resistance to the sun's ultraviolet (UV) rays, causing them to fade.
- **Low Hide:** Colors that are more transparent and may require multiple coats.
- **Historic:** Colors that are historically accurate.
