

***Starr Pass Shadows HOA
Flagpole Standards and Guidelines***

Dear Homeowners:

The following is the approved standards/guidelines for Starr Pass Shadows Homeowners Association. If you choose to install an American Flag and Flagpole, you must follow these standards.

Maximum 20' above ground

Note: All suggested manufacturer installation instructions must be followed to assure proper and secure installation of the flag pole, including suggested diameter for maximum strength.

White or silver stainless steel pole.

Maximum 3' x 5' American flag.

Minimum 5' from neighboring property line.

Note: In addition to minimum requirements, Homeowner is responsible to install the flag pole with consideration given to neighboring properties and public access (sidewalk) to assure the safety of both person and property in the event of strong winds, etc.

Minimum 5' from house or entry walk way, whichever is closest to flag pole placement.

Minimum 8' from public sidewalk. If yard is too short for 8' clearance, no less than 6' from public sidewalk allowed.

Flag must be taken down or illuminated between sunset and sunrise.

Flag must be maintained in good condition at all times (no tatters or tears, etc.).

Failure to follow above standards will potentially result in fines.

The above flag regulations also apply to flags exhibited from a house mount.

Board of Directors
Starr Pass Shadows HOA
